

MASTER					
Course	Semester	Teachers	Language	Max ECTS	Degree course
Advanced biometrics	First	Scotti Fabio	Italian	6	Master Informatics Security
Biometric systems	First	Scotti Fabio	Italian	6	Master Informatics Security
Complements of security and privacy	Second	De Capitani Di Vimercati Sabrina	Italian	6	Master Informatics Security
Logic	First	Ciriani Valentina	Italian	6	Master Informatics Security
Network security	First	Cimato Stelvio	Italian	6	Master Informatics Security
Network security ii	First	Cimato Stelvio, Anisetti Marco	Italian	6	Master Informatics Security
Privacy and data protection	First	Samarati Pierangela	Italian	6	Master Informatics Security Master Computer Science
Risk analysis and management	First	Vallega Alessandro	Italian	6	Master Informatics Security
Service-oriented architecture security	Second	Damiani Ernesto	Italian	6	Master Informatics Security
System modeling and analysis	Second	Riccobene Elvinia Maria	Italian	6	Master Informatics Security
Advanced intelligent systems	First	Borghese Nunzio Alberto	Italian	6	Master Computer Science
Advanced programming	First	Cazzola Walter	Italian	6	Master Computer Science
Advanced programming techniques	First	Cazzola Walter	Italian	6	Master Computer Science
Advances in operating systems	Second	Bruschi Danilo Mauro	Italian	6	Master Computer Science
Algorithms and complexity	First	Boldi Paolo	Italian	6	Master Computer Science
Artificial vision	Second	Lanzarotti Raffaella, Pedersini Federico	Italian	6	Master Computer Science
Computing education	Second	Morpurgo Anna Chiara, Lonati Violetta	Italian	6	Master Computer Science
Development of applications for mobile devices	Second	Mascetti Sergio	Italian	6	Master Computer Science
Digital citizenship and civic activism	First	Trentini Andrea, De Cindio Fiorella	Italian	6	Master Computer Science
Formal language theory	Second	Pighizzini Giovanni	Italian	6	Master Computer Science
Formal methods	First	Momigliano Alberto	Italian	6	Master Computer Science
Gpu computing	Second	Grossi Giuliano	Italian	6	Master Computer Science
Graph theory	Second	Cesa Bianchi Nicolo' Antonio	Italian	6	Master Computer Science
Multimedia architectures	Second	Valtolina Stefano	Italian	6	Master Computer Science

Multimedial techa organization and digitalization	First	Haus Goffredo	Italian	6	Master Computer Science
Parallel and distributed algorithms	First	Palano Beatrice Santa	Italian	6	Master Computer Science
Probabilistic methods for informatics		Goldwurm Massimiliano	Italian	6	Master Computer Science
Programming for music	First	Barate' Adriano	Italian	6	Master Computer Science
Risk analysis and management	First	Vallega Alessandro	Italian	6	Master Computer Science
Security	Second	Lanzi Andrea	Italian	6	Master Computer Science
Sensor system design	First	Pedersini Federico	Italian	6	Master Computer Science
Service-oriented architecture security	Second	Damiani Ernesto	Italian	6	Master Computer Science
Software development in complex teams	First	Bellettini Carlo Nicola Maria, Monga Mattia	Italian	6	Master Computer Science
Software verification and validation	Second	Bellettini Carlo Nicola Maria, Monga Mattia	Italian	6	Master Computer Science
Sound in interaction	First	Avanzini Federico	Italian	6	Master Computer Science
Sound synthesis programming	First	Ludovico Luca Andrea	Italian	6	Master Computer Science
System modeling and analysis	Second	Riccobene Elvinia Maria	Italian	6	Master Computer Science
Theoretical computer science	Second	Mereghetti Carlo	Italian	6	Master Computer Science
Virtual reality	Second	Borghese Nunzio Alberto	Italian	6	Master Computer Science
Web algorithmics	First	Vigna Sebastiano	Italian	6	Master Computer Science
Wireless and mobile networks	Second	Quadri Christian	Italian	6	Master Computer Science
